HSSA promotes bioscience based economic development and advances new therapies and procedures to prevent disease and promote public health.

The HSSA Board and staff comply with the Washington State Ethics in Public Service Act, chapter 42.52 RCW and the HSSA Ethics and Conflicts of Interest Policy.

A conflict of interest exists when a Board Member or employee has a direct or indirect Beneficial Interest in a proposed grant or other contract.

For purposes of disclosure a “Beneficial Interest” means a direct or indirect through business, investment, or family:

1. Ownership or Investment interest in any entity that has submitted a proposal for a contract or grant;
2. a current compensation arrangement with any entity or individual that has submitted a proposal for a contract or grant with the HSSA, a reasonably foreseeable potential future ownership or investment interest in, or compensation arrangement; or
3. a current compensation arrangement with any entity or individual that has a significant competitive interest that would be affected by a grant or contract awarded by the HSSA.

If a Board Member or employee has conflict of interest, they should disclose the conflict to the Board Chair and not participate in discussion, approval, administration, or monitoring any such grant or contract.
